

GENERAL INFORMATION:

NCASE DUAL ACTION is intended to be used as a management tool to improve nitrogen availability and uptake as an additive to a regular fertilizer program. NCASE DUAL ACTION is not intended to provide the nutrients normally required by agricultural crops.

SUGGESTED USE RATES:

Urea (46-0-0): 2-3 quarts per ton of urea UAN Solutions (28-32%): 1.5 quarts per ton of total solution Liquid Manure: 13.5-18 oz per acre

DIRECTIONS FOR USE:

Urea Blending: NCASE DUAL ACTION may be used to treat urea prior to application in the field-including pretreatment. Under certain temperature and humidity conditions, urea blended with NCASE DUAL ACTION may stick together. Application of urea to the field is recommended soon after treatment for best results.

UAN Solutions: NCASE DUAL ACTION may be mixed with liquid fertilizers such as aqua ammonia or other liquid ammoniacal or urea nitrogen fertilizers. Liquid fertilizers containing high levels of phosphate should not be used with NCASE DUAL ACTION. If pesticides are added to the tank mix in conjunction with liquid fertilizers, a compatibility jar test should be performed prior to large scale application to the field.

Liquid Manure: NCASE DUAL ACTION may be mixed with liquid

NCASE DUAL ACTION may be applied to slurry pit or through an injection system as material is loaded into applicator.

STORAGE AND DISPOSAL:

Store in a cool, dry place. Store in original container. Keep container tightly closed. Do not reuse container. Triple rinse, then offer for recycling or for disposal in a sanitary landfill, or by other means in accordance with local, state, and federal regulations

HAZARD STATEMENT:

Harmful if swallowed

PRECAUTIONARY STATEMENTS:

Avoid contact with eyes, skin, and breathing vapors or spray mist. Wear protective gloves. Do not drink, eat, or smoke when using this product. Wash hands thoroughly after handling. Use adequate ventilation when handling. Keep away from open flame. In case of fire, use dry fire extinguisher to extinguish. For first aid refer to the SOS First Aid section. If on skin, take contaminated clothes off immediately. Rinse skin with water.

NOTICE:

Manufacturer warrants that NCASE DUAL ACTION conforms to its chemical description and will perform as stated on the label when used according to directions and under normal conditions. Neither this warranty or any other warranty of merchantability, expressed or implied, extends to the use of this product contrary to label directions. Buyer assumes all risk if NCASE DUAL ACTION is used in any manner or under any condition other than those specifically set forth on the label

ACTIVE INGREDIENTS:

NBPT (N-(n-butyl)-thiophos phoric triamide) Solution (CAS No. 94317-64-3)20.0%

Inactive ingredients:

Propylene Glycol, 1-methyl-2-pyrrolidone 80.0% and Copolymer Surfactant..... 100.0%
